

Newsletter 2015/1 (January 2015)

IGRSM Talk

IGRSM Talk 2014/5 on *Seabed Mapping for Exploration & Production* was delivered by Mdm. Norhasliza Kasim, Senior Geoscientist (Geohazards), Geomatics Department, Petronas Carigali Sdn. Bhd. on 25 September 2014 at Dewan Seminar, Administration Block, Faculty of Engineering, Univesiti Putra Malaysia (UPM).

Publication of the Malaysian Journal of Remote Sensing & GIS, Vol. 4, Num. 1

The edition was published in January 2015 with four papers:

- 1) Creating A Vibrant Space Industry for Malaysia: The Need for A Space Act
- 2) Monitoring of the Variability of Precipitable Water Vapour Over Klang Valley, Malaysia During Flash Flood
- 3) Comparison of Three Chlorophyll-A Estimation Approaches Using ASTER Data Acquired Over Sri Lankan Coastal Water Bodies
- 4) Landform Classification of Zagros Mountains Using Multiscale Analysis of Digital Elevation Models

The edition is available at <http://www.igrsm.com/mjrsgis/issues.html>

8th IGRSM International Conference and Exhibition on Remote Sensing & GIS (IGRSM 2016)

IGRSM 2016 will be held on 13-14 April 2016 in Kuala Lumpur. The conference is aimed at disseminating knowledge, and sharing expertise and experiences in geospatial sciences in all aspects of applications. It also aims to build linkages between local and international professionals in this field with industries. Further information on the conference is available at <http://www.igrsm.com/igrsm2016>
